

SKU: CLI-DH20-E | RRP: \$ 449 (AUD)

Compressor Dehumidifier 20L

Product Description:

Ideal for use in large humid/damp areas such as the kitchen, lounge room and laundry.

High humidity causes moisture in the air causing condensation which results in growth of mould, dust mites and musty odours. These allergens may cause symptoms such as asthma, hay fever and allergies. The Cli~Mate Air Dehumidification System effectively removes moisture from the air, creating a drier, healthier home environment. Prevention of mould, mildew & rot, reduction of dampness & elimination of odour.

Dehumidifying capacity 20L per day

At 30°C / 80% relative humidity

Intelligent Automatic Sensor Mode

Set the desired humidity from 40% to 80% RH and let the unit do the rest!

And many more convenient features

- Removable 3.8 litre water tank
- Auto shut-off protection and alert when tank is empty
- Air output deflector panel oscillates from 50 to 90 degree angle
- On-Off Timer- up to 24 hours
- Automatic defrost
- Optional permanent drainage directly connected from water reservoir

Approved by the National Asthma Council Australia's Sensitive Choice Program

Product Technical Specs:

- Dehumidifying capacity 20L per day (At 30C / 80% relative humidity). Dehumidifying Capacity 0.8kg/hour. Air Circulation 140 cbm/hour.
- Removable 3.8 litre water tank, with auto off switch and alert beep when full
- On-Off Timer up to 24 hours
