

# 90cm Electric Giant Oven

## BUILT-IN OVEN

PRODUCT CODE: **EO9060EMX**

eurocooking

### 9 MULTI-FUNCTIONS:

#### CONVENTIONAL

This method of cooking provides traditional cooking with heat from the top and lower elements. Particularly suitable for traditional roasting and baking on the centre shelf only.

#### HALF GRILL

Half grilling allows you to toast / brown all your favourite recipes in a smaller area.

#### THERMOWAVE FAN ASSISTED

This is the position where the heat is coming from the lower and upper heating elements and the heat is circulated into the oven by the fan motor and blades.

#### OVEN LIGHT

The oven light will automatically turn on once any function is selected, helps to monitor the progress of your cooking.

#### FAN FORCED COOKING

For the ultimate roast or perfect batch of pastries. The element surrounding the fan delivers even heat for even cooking results, approx. 160°C - 180°C is recommended.

#### FAN GRILL

This Combination is exceptional for cooking meats such as poultry, game and roasts, making them crispy on the outside and tender in the middle.

#### FAN ELEMENT + BOTTOM ELEMENT

This method of cooking uses the lower and circular fan element while the heat is distributed by the fan reproducing the same conditions as traditional clay wood fired ovens.

#### BOTTOM ELEMENT

This method of cooking uses the lower element to direct heat upward to the food. For slow-cooking recipes or for warming up meals.

#### FULL GRILL

This function is perfect for fish, chicken Fillets or meat Cutlets.
