2
YEARS
Warranty

13 MULTI-FUNCTIONS:

CONVECTION

The top and bottom elements activate to provide a traditional style of cooking suitable for slow cooking cakes and delicate pastries

GRILL

Grill or toast enough of those favourite after school snacks to feed an army with the full grill function.

FAN GRILL

This function is perfect for fish, chicken Fillets or meat Cutlets. This Combination is exceptional for cooking meats such as poultry, game and roasts, making them crispy on the outside and tender in the middle.

DEFROST

In defrost mode, no heating elements are used. Only the fan is activated to circulate air inside the oven for defrosting.

MICROWAVE

Ideal for quick cooking or re-heating food.

STEAM

This modern healthy cooking method keeps the food juicy and locks in more nutrition and goodness.

PREHEAT

This function allows the oven to be rapidly preheated, before choosing a cooking function. The preheating ends when its pre-set temperature is achieved by the oven

AUTO COOK

The Auto cooking menu offers 40 pre-set steam cooking and non-steam cooking functions including pizza, meat, vegetable, auto reheat, pasta, soup, fish, beverage, potato and popcorn.

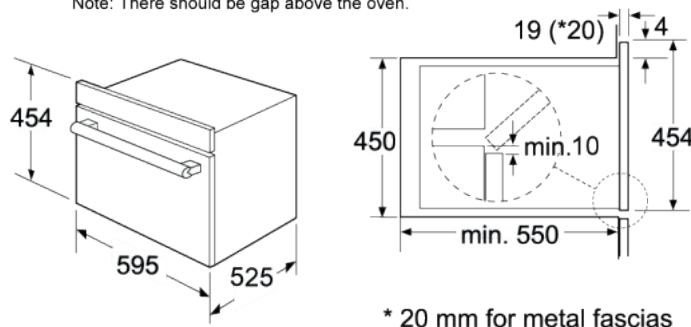

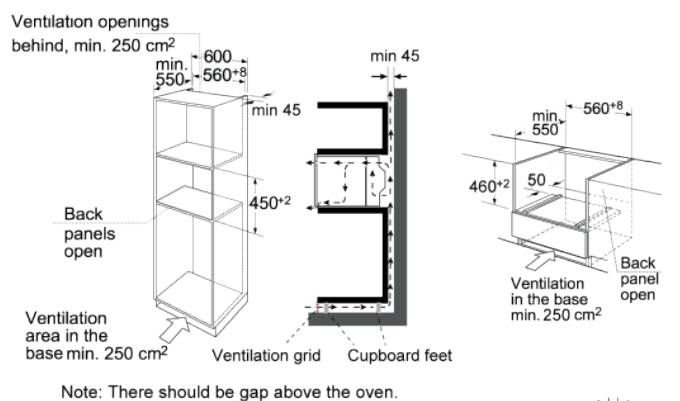

COMBINATION FUNCTIONS

Combination cooking enables you to cook using both grill and microwave function to provide conventional cooking results. These include Microwave + Grill, Microwave + Fan Grill, Microwave + Convection, Microwave + Steam, Convection + Steam.
