

Wi-Fi enabled 9kg Ultimate Care Heat Pump Dryer with 7 Stars Energy rating, Woolmark Blue certified, Advanced Sensor Dry, reverse tumbling action and Refresh cycle
RRP AUS \$2,099.00

Product Details

FEATURES

Reversing tumble action

Special programs for easy iron

Drain kit included
Drains excess water so you don't need to empty the water tank manually

Time drying

Woollens and silks programs

Drum Light
Extra visibility with the brilliant LED Drum Light

BENEFITS

Careful drying, every time

With Electrolux's Delicate Care technology, every garment is dried at the temperature that suits it best. The fast drum movement on the wool cycle ensures wools are kept flat to reduce shrinkage. Alternatively select the silk cycle to ensure your delicate silks are gently kept aloft to keep their shape. The dryer measures the exact humidity and temperature to protect from over-drying, while the intuitive tumble action helps dry clothes more gently and evenly. So, when you open the door, your clothes will look and feel fresh and ready to wear again.

Nice on knits

Our Woolmark Blue certification ensures your prized hand wash only woollens can be dried safely, with no felting or shrinking.

Gentle on the ears

Inverter technology is designed to be discreet and unobtrusive. Feel free to turn your dryer on any time of the day or night, without it interfering with anything else you're doing.

Advanced Sensor Dry

Your clothes will be dried perfectly with Advanced Sensor Dry. Humidity sensors are activated throughout each cycle to eliminate over drying, which can be harmful to fabrics. So, you enjoy optimal drying accuracy, along with exceptional care and performance.

Soft Touch Drum

With its raised circular texture, the Soft Touch Drum creates a gentle environment for delicate clothing by minimising prolonged contact clothing makes with the drum.

Large Reversible Door

Everyones laundry is different. Thats why we designed a large reversible door to accommodate those tight spaces and side-by-side installations. You can easily change the direction of the door opening yourself to suit your requirements. Plus, the large door size also allows you to load and unload your dryer with ease.

Woolmark Blue Accreditation

Taking care of your precious woollen garments is now even easier with our advanced Woolmark Certified Woollen cycle. Created especially for hand wash only woollen garments, you can now safely dry your woollens without shrinking.

Ultimate Care Heat Pump System

The innovative Heat Pump System is kind to your clothes and your energy bills. Designed for increased energy efficiency and exceptional performance, our 7-star energy rated dryers uses significantly less energy compared to our standard condenser and gently dries clothes at a lower temperature.

Specifications

PRODUCT PROFILE

Domestic warranty details (yrs)	2
Dryer Type	Inverter heat pump
Capacity (Kg)	9
Wall mount option	no

ENERGY

Energy Star Rating	7
Energy consumption (KWhr/yr)	175

BUTTON FUNCTIONS
