# CHI Q

432L Bottom Mount

## Features

**Inverter System**

The CHI Q super-efficient inverter system is quieter than traditional compressors, keeps your food fresher and saves on energy consumption.

**Multi Air Flow System**

The CHI Q Multi Air Flow System ensures chilled air reaches each shelf quickly and uniformly to ensure your food stays fresh for longer. Also the unique design of the up turned air ducts avoids the chilled air drying out your food.

**LED Display with Touch Control**

The LED digital temperature display and electronic controls ensure the optimum control of each zone and can be easily set into different modes (Smart ECO, Fast freezing, Fast Cooling, Vacation 4 Modes) according to the actual requirements.

**Interior LED light**

LED lights are energy efficient and reduce heat output, ensuring your food stays fresher for longer.

**Humidity Control Crisper**

You can adjust the integrated humidity control slider to low setting which allows fruit to stay fresh for longer or you can adjust the setting to high which helps leafy vegetables to stay crisp for longer.

**Perfect size for cabinet**

The compact design (H:1720mm) is perfect for the kitchen or the limited dimension of the cabinet.
