

Key Features

1. Advanced 5-stage filtration
2. Integrated Clean Station™
3. 210W Suction
4. 120 mins runtime
5. Includes mopping tool
6. Lightweight design
7. Jet Cyclone Technology™
8. Accessory Cradle
9. Washable dustbin
10. Ergonomic design
11. LED display

1

Traps up to 99.999%¹ of fine dust² and allergens³

Advanced filtration

With a high-performance five-layered filtration system, BESPOKE Jet™ helps trap up to 99.999%¹ of fine dust² and allergens³ from releasing back into the air.

2

All-in-one design

Integrated Clean Station™

Clean from start to finish with the new integrated Clean Station™ that conveniently empties the bin without getting your hands dirty or dust everywhere. It also stores and charges the stick vacuum, ready for use.

3

Powerful cleaning performance

210W Suction⁴

Designed to effectively capture dust and hair on multi-surfaces with the Digital Inverter Motor's improved design that generates an impressive 210W of suction⁴, making it our most powerful vacuum yet!

4

Cleaning that lasts

Up to 120 mins runtime⁵

With two powerful 25.2V lithium-ion battery included in the pack, get up to 120 mins⁴ of uninterrupted cleaning from corner to corner without the rush.

5

Total cleaning solution

w/Spray Spinning Sweeper

Hard floors, carpet or tile – handle most surfaces with ease! The BESPOKE Jet™ Pro Extra features both a hard floor tool that even works on carpets and a mopping brush to do the dirty work for you.

6

Clean every nook

Lightweight design

Weighing at just 2.7kg, the stick's lightweight, cordless design helps you move swiftly and clean hard-to-reach places in the house including high ceilings, tall cabinets, the stairs or even under low furniture.

7

Performance without compromise**Jet Cyclone Technology™**

With Samsung's patented Jet Cyclone™ technology, 9 cyclones and 27 air inlets help ensure optimal air flow is maintained⁶ even if debris gets caught. This multi-cyclonic air filtration is also designed to trap fine dust particles.

Accessories - Optimised cleaning for all surfaces

8a.

Next-Gen standard tools include:**New Jet Dual Brush**

The 180° swivel head effectively helps pick up large dust particles from both carpets and hard floors.

Spray Spinning Sweeper

The improved mopping tool features a built-in 150ml water tank to spray water wherever you need to clean and reusable micro fiber pads.

8b.

Additional Accessories include:

Pet Tool – Designed to pick up dust and hair on couches and mattresses

Combination Tool – For use on upholstery and keyboards.

Extension Crevice Tool – Perfect for reaching into narrow crevices and nooks

Flexible tool – Designed to clean high areas such as on top of cabinets or shelves

Additional Features

9

Portable and easy to store**Includes Accessory Cradle**

Neatly and conveniently store all your accessories and brushes in one place with an Accessory Cradle. It also includes a battery charging station and a handle that makes it easy to store in a cupboard and take it where you need it.

10

Easy maintenance**Washable dustbin**

Cleaning your dustbin is quick and easy – simply remove it at the push of a button and all parts, i.e. the dustbin, cyclone and filter, are fully washable for hassle-free maintenance.

11

Ergonomic Design**Height-adjustable wand**

Minimise strain on your back and wrist with the convenient, height-adjustable wand. With three options to choose from, set it the most comfortable length that works for you and easily clean around the house.

12

Intuitive Control**LED Display**

The LED display makes it easy to check the status of your vacuum at a glance by displaying the suction level, available runtime and error alerts.

DISCLAIMERS

1. Tested based on IEC 62885-2, CL.5.11 by SLG Prüf- und Zertifizierungs GmbH. Results may vary depending on actual usage.
2. Refers to particles in the size range of 0.5 to 4.2µm.
3. Based on the Allergy UK Seal of Approval by BAF (British Allergy Foundation).
4. Suction tested based on the IEC62885-2 Cl. 5.8 standard, tested at the inlet of the non-motorized tool, using Jet mode. Based on SLG Prüf- und Zertifizierungs GmbH tests.
5. The stated run time applies to the minimum power level with a non-motorized tool attached. Results may vary depending on usage.
6. Based on internal testing using the IEC62885-2. cl.5.9. compared with Samsung VS80N8014KR/EN.
7. Compared to the Soft Action brush of VS9000, the height has been reduced from 64 mm to 52 mm and the weight has been reduced from 800 g to 680 g

SPECIFICATIONS

Model Code	VS20A95973B
Material Code	VS20A95973/SA
EAN Code	8806092806801
RRP	\$1,299
Launch Date	February 2022

GENERAL FEATURES

Body Colour	Black ChroMetal
Stick Colour	Midnight Blue
Package Weight	19.7 kg
Package Dimensions (WxHxD)	408 x 490 x 921 mm
Net Weight	2.7 kg
Net Dimensions (WxHxD)	250 x 1000 x 210 mm
Digital Inverter Motor	Yes

PERFORMANCE

Max Consumption Power	580 W
Max Suction Power	210 W
Run Time	Up to 120 mins
Dust Collection Type	Multi Cyclone
Dustbin Capacity	0.5 l
Noise Level	86 dBA
Display Type	LCD

BATTERY

Battery Type	Li-ion
Voltage	25.2V
Charging Time	210 min
