

X1 PERFORMANCE® MATTRESS

New and just for kids, the X1 is built to last, with comfort and support for an easy transition from cot or toddler bed to “big kid”. Innovative design features combined with our high quality fabric technologies help kids get deeper, uninterrupted sleep at night for better health, focus and peak performance each day.

Cover:

- **Dri-Tec** moisture wicking cover stays dry and comfortable all night
- Easy zip-off top is washable for optimal hygiene
- Waterproof barrier beneath top cover protects mattress core against night time accidents
- Removable, **Magic Edge** bumper guards against rolling
- **Air-X** side panels enhance air flow in and around the mattress

Comfort Core:

- **Boost-X** adaptive support and balanced comfort transitions easily from cot or toddler bed to “big kid”. Promotes maximum air flow in and around the mattress for better temperature regulation
- Made with 90% renewable material, **Boost-X** is environmentally friendly and energy efficient.
- Available in Single and King Single
- 20 cm Total comfort
