FEATURES & BENEFITS

- Considered design**
Designed to match our Contemporary style black glass family of products, this built-under dishwasher has a tactile matte black glass finish that pairs perfectly with recessed handles.
- Seamless fit**
Our built-under DishDrawer™ Dishwashers are installed flush under your benchtop with the option of a custom kickstrip, ensuring minimal gaps.

- Ease of use**
DishDrawer™ Dishwashers are as easy to open and close as kitchen drawers and can be conveniently positioned at bench height for ease of loading and minimal bending. Flexible racking allows you to make adjustments to fit in a variety of dishes.
- Quick, Sanitise and Extra Dry options**
The Quick wash modifier delivers a faster wash while maintaining performance. The Sanitise option provides extra protection, killing 99.9% of bacteria* in the final rinse. The Extra Dry setting is perfect for plastic dishes.
- Knock to pause**
For ease-of-use, these DishDrawer™ Dishwashers have a knock to pause function. A knock on the front panel will pause the dishwasher, which can be restarted by using the start button.
- True half load**
Each drawer holds a true half load for small, fast washing that won't waste water. Both drawers operate independently so two wash cycles can operate simultaneously to allow for varying loads.
- Quiet performer**
Running at a very low decibel rating, these DishDrawer™ Dishwashers do their job without making a fuss. The combination of intelligent technology and simple mechanics means greater reliability and excellent wash performance.
