- Flexible freestanding installation anywhere in your kitchen

- Wi-Fi enabled and works with the SmartHQ™ app for remote control and notifications

DIMENSIONS

Height	850 - 895 mm
Width	597 mm
Depth	600 mm

FEATURES & BENEFITS

Considered Design

Designed to match our Contemporary style family of products, this freestanding dishwasher has a sleek stainless steel finish with a front-of-door control panel for intuitive usability.

Advanced Drying

For beautifully dry dishes every time, this dishwasher features an advanced drying system. It combines fan-assisted drying with an automatic door opening at the cycle's end. The Auto Door Open Dry feature releases excess steam, ensuring dishes are immediately ready for use or storage.

A Reliable Clean

This dishwasher offers seven wash programs including Auto, which automatically senses the optimal wash settings for your dishes. The three-stage filtration system delivers a superior clean, while the rinse aid indicator reminds you to top up for beautifully clean dishes.

Customise Your Wash

Create the perfect wash with our range of modifiers, from Intensive for a thorough clean to Half Load, ideal for a partial load. The Sanitise modifier provides extra protection, killing 99.9% of bacteria* in the final rinse, while Dry+ is great for plastic dishes.

*Certified to NSF/ANSI Standard 184

Quiet Performer

Running at a very low decibel rating, this dishwasher does its job without making a fuss. The combination of clever technology and simple mechanics means greater reliability and superior wash performance, with minimal noise.

Efficient Performance

With a 4.5 star energy rating and 5.5 star water rating, this dishwasher delivers a powerful wash. Use the Eco wash program for optimal water and energy consumption, or choose when the cycle begins with Delay Start.

Flexible Loading

Designed to fit 15 place settings, this spacious model lets you stack large items with ease. Adjustable rack options provide flexibility for any load, with a full-width cutlery tray, height-adjustable middle rack, cup holders and wine glass supports.

SPECIFICATIONS

Accessories (included)

- Cutlery basket

Capacity and loading

Accommodates round plates up to (lower basket)	320mm
Accommodates round plates up to (top basket)	200mm (with cutlery tray), 250mm (cutlery tray removed)

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
