One pass even trim

2x more precision with Lift & Trim PRO system

The even and precise trim you want when creating your 3-day stubble, short or long beard look. Our innovative Lift & Trim PRO system lifts the hairs up to the level of the double-sharpened blades for a one pass even trim.

Even trimming results

- Guides low-lying hairs towards the blades for an even trim
- Self-sharpening metal blades are precise even without oiling

Precise styling

- 40 lock-in length settings from 0.4- 20mm
- Customizable precision steps for every beard style

Easy to use

- Quickly see the status of your trimmer's battery
- Up to 90 min runtime after a 1 hour charge, or plug it in
- 100% waterproof for easy, thorough cleaning
- 2 year warranty, worldwide voltage, no oil needed

Highlights

Lift & Trim PRO system

Trim your stubble in one stroke with our innovative Lift & Trim PRO system. It lifts low-lying hairs and guides them towards the sharp metal blades for a precise cut.

Self-sharpening metal blades

The stainless steel blades are double-sharpened, cutting even the thickest hair precisely. They sharpen themselves by lightly brushing against each other, so no replacement or oiling is needed throughout your trimmer's lifetime.

40 lock-in length settings

Adjust your combs with the zoom wheel to your preferred trimming length and achieve the beard style you want. Use the short beard comb for 0.4–10 mm lengths settings or the long beard comb from 10–20 mm.

Customizable precision

0.2mm steps between 0.4–2mm for a precise short beard style; 0.5mm steps between 2–5mm to achieve an even 3-day beard; 1mm steps above 5mm for long beard maintenance.

90 min corded/cordless use

Charge your beard trimmer for 1 hour to get up to 90 minutes of cordless use, or simply use it plugged into the wall. Otherwise the quick charge function gives you a full trim after just 5 minutes of charging.

100% waterproof

Simply rinse your waterproof beard trimmer under the tap to thoroughly clean it.

Battery indicator

The battery indicator shows when your trimmer's battery is empty, charging, or full.

Built to last

All of our grooming products are built to last. They come with a 2 year worldwide warranty, worldwide voltage compatibility, and they never need to be oiled.

Specifications

Cutting system

Cutting element: Stainless steel blades

Range of length settings: 0.4– 20mm

Precision (size of steps): From 0.2mm

Number of length settings: 40

Ease of use

Zoom wheel: Easily adjust length settings

Display: Battery indicator
