

Model NC1002 (INT'L)

The NC1002, Omega's Nutrition Centers are "masticating-style" juice extractors and more!

A masticating juicer juices at low speeds of 68-80 RPM minimizing heat build-up and oxidation.

The auger system forces produce into a tight chamber, grinding and pressing the food to squeeze out the juice from items as fine as wheatgrass and leafy vegetables. With a Nutrition Center you can also make all-natural nut butters, baby food, soy milk, almond milk and a variety of healthy snacks.
