

AX3300 Air Purifier

AX40T3030WM/SA

Key Features

- 1 True HEPA filter removes 99.97% of 0.3 μ m ultra-fine dust and inhibits the spread of captured bacteria.*
- 2 Ideal for rooms up to 40m².
- 3 Clean Air Delivery Rate of 311 m³ p/hr.^
- 4 4-Colour Indicator and Air Sensing Mood Light.
- 5 Whisper quiet 20dBA night mode.
- 6 Auto Mode / Sleep Mode / Timer

MAKE OLD AIR, NEW AGAIN¹

Breathe New Air

We have a vision that our air is clean and pure. But most air has been used before. Every single day the average adult on the planet breathes in 11,000lt of air[^]. And then breathes it out.

The air in our homes can be filled with dust, pollen, mould, smoke particles, last night's curry, and even dander from your neighbour's dog.

The microscopic particles that we breathe in can be the culprits behind many respiratory health issues. Samsung Air Purifiers help remove dust and harmful gases from your home to help you and your family breathe better*.

Breathes in the things you shouldn't

1 Multi-Layered Purification System

Help alleviate allergy symptoms and reduce irritation to eyes, nose and throat, by capturing airborne particles, harmful gases and inhibiting the spread of captured bacteria.*

4-Colour Indicator and Air Sensing Mood Light

2 At a glance monitoring

Check the air pollution more intuitively. Dust and Gas Sensors monitor the air quality, and it automatically optimises the operating mode. A 4-Colour Indicator also clearly shows how clean the air is. And an Air Sensing Light shows the air status, so you can tell how clean the air is even from a distance.

Auto Mode / Sleep Mode / Timer

3 Helps you to rest easy

Enjoy purer air to suit your needs. Auto Mode senses the air pollution and automatically adjusts the power and fan speed. So it saves effort and can reduce energy use. Especially as a timer can schedule when it turns off. Sleep Mode also creates a softer and quieter air flow, with no lighting.

Premium and Convenient Design

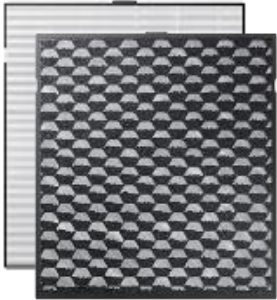

Enhances your home with a stylish design

Create a relaxing and cozy atmosphere at home. The air purifier has a stylish and convenient design, which was awarded the IF Design Award in 2017. It has an Air Sensing Light that bathes the room with a soft light and an elegant round edged shape. And a Built-in Handle makes it easy to move.

Front-sided Inlet / 2-in-1 Filter

Easy and intuitive maintenance

Enjoy much simpler maintenance. A front-sided air inlet means you don't need to move it to clean or change filters. A washable Pre-filter only needs periodic cleaning and the 2-in-1 HEPA* Filtration with ultrafine dust filter and Activated Carbon Deodorization Filter can be easily replaced.

Compatible Filter Model	CFX-G100/GB	
Gross Dimension (Outdoor, WxHxD, mm*mm*mm)	300 x 327 x 65 mm	
Net Dimension (WxHxD, mm*mm*mm)	289 x 318 x 58 mm	
Net Weight(kg)	0.96 kg	
Dust Collecting	Ultrafine Dust Filter (HEPA)	
Deodorising Filter	Activated Deodorization Filter

^{*}Tested on the AX80K7580WFD for xylene, benzene, ethylbenzene, styrene & formaldehyde gases in the National Test Institute of Korea. The filter media has over 99.97% dust collection efficiency, based on a particle size of 0.26µm, as specified by 42 CFR part 84. Antibacterial function tested on the filter media of the dust collecting filter. Tested in the National Test Institute of Korea. ¹Our definition of 'New Air' is air passed through a HEPA standard filter.

	PROJECT	AX3300
	Model Code	AX40T3030WM/SA
Capacity	Room Coverage m ² [‡]	40m ²
	Clean Air Delivery Rate [^]	311m ³ /hr
	Stackable	Singular
Noise Level	Noise - Lowest (Sleep mode)	20dBA
	Noise - Highest	48dBA
Air Purification	Filter 1 - Large Particles	Washable pre filter for large particles
	Filter 2 - Gas and Odours	Activated carbon deodorisation filter
	Filter 3 - Ultra-Fine Dust	HEPA filtration with ultra-fine dust filter
	HEPA Filter ultra-fine dust removal rate*	99.97% of 0.3µm ultra-fine dust and inhibits bacteria.
Air Flow	Air Flow Control	3 STEP(H-M-L)
	Air Flow	TBC
Convenience	Dust Sensor	PM10
	Gas Sensor	Gas (odour)
	Integrated Cleanliness Display	Dust+Gas - 4 Colour
	PM Digital Display	NA
	Gas/Odour Display	NA
Operating Mode	Operating Modes	Auto Sleep Clean (Mood) Lighting
Smart	Wi-Fi	NA
Control	Input	Touch
	Filter Change Alarm	Filter Change Alarm
	Timer	Timer
	Connectivity	NA
Physical Specification	Net Dimensions	W350 × H640 × D350mm
	Gross Dimensions	W407 × H715 × D407mm
	Net Weight	9.2kg
	Gross Weight	11.5kg
	Body Colour	White
	Top Panel Colour	Noble Gray
Electrical Data	Power consumption	40W

[‡]Based on internal test results. Performance may vary depending on the actual usage environment.

[^]CADR > 311m³/h. Tested in the KACA (Korea Air Cleaning Association).

*The filter media has over 99.97% dust collection efficiency, based on a particle size of 0.26µm, as specified by 42 CFR part 84. Antibacterial function tested on the filter media of the dust collecting filter. Tested in the National Test Institute of Korea.

#A Wi-Fi connection and compatible phone is required. Voice control supported in 8 languages (UK English, US English, Korean, Chinese, German, French, Spanish, Italian).
