Depth (incl. hoses): 666 mm

Unpackaged Weight: 82 kg

Packaged Height: 880 mm

Packaged Width: 650 mm

Packaged Depth: 685 mm

Packaged Weight: 83 kg

Ean Code: 8690842130670

Manufacturers Warranty: 2 Years + 3 Years by Registration

10 Years on Inverter Motor

BFL103ADW

10 kg Front Loading Washing Machine with Autodose

Autodose System - For effortless washing, fill up the tray with detergent and softener and let your washing machine do the rest, for up to 23 cycles. Our AutoDosing technology senses the weight of your washing to dispense the perfect amount for the load, helping you to not only save water and energy, but detergent and softener too.

Drum Light - New Beko washing machines now have drum light which perfectly illuminates inside of the drum, lets you see inside better and makes sure you don't leave any items inside.

Pet Hair Removal Function - this function can lead you a helping hand. It has a pre-wash, a special extra rinsing program and improved spinning cycles that helps get rid of the pet hair on your laundry. It is exclusive to Beko Washing Machines.

Stain Expert™ Program - this program can cope with an impressive 24 different types of stains. It offers various wash temperatures, a range of tumbling actions, optimised wash durations to help rid stains like coffee, tea, chocolate, grass, red wine, coke, curry, butter, mud, makeup & blood just to name a few.

Fast+ Function - at the push of a button, you can shorten the length of programs up to 55%. It's not just a normal cycle cut short; a special washing algorithm with washing movement, optimised water level and heating period, enables a shorter & effective washing cycle.
