

the AquaStation™ Hot

Product Blurp:

PURE. SIMPLE. HYDRATION.

Hot water or instant filtered water with fast dispensing at the touch of a button.

the AquaStation™ Hot delivers cleaner, great tasting filtered water in a sleek compact portable design and a large 3L water tank for less refilling during the day. Use the customise settings to set how you like your water. With no plumbing required, it is ready to use on your kitchen benchtop or in your home office.

Product Description:

- 2 in 1 Compact, bench top water dispenser with Instant filtered water at the 'Touch of a Button'; at 1L per minute[§].
- 3X Faster Filtration[§] and 3X Longer Lasting filter[‡], Activ360™ 4-Stage Filter; up to 1.3L of tap to cleaner, filtered water in as little as one minute.
- Select Instant filtered hot water in seconds and no waste; The heating element instantly heats only the amount of filtered water selected.
- 4 Hot Pre-set beverage options + Custom. Personalise your cuppa. Select your ideal temp (45-100°C) & cup size (100-1200ml).
- Intuitive control panel with illuminated LCD screen.
- 3L water tank, more great tasting filtered water, less refilling.
- Made with BPA Free Materials. No plumbing connection required.
- Smart Alerts; Replace filter, descale and fill tank alerts with safety auto shut-off when water is low.
- Detachable magnetic drip tray height options

Product Technical Specs:

- The Active360™ 4-stage fast flow filtration as tested by independent laboratories removes/reduces microplastics, floating particles/sediment, pesticides, chlorine, limescale & heavy metals and tested to NSF/ANSI Standard 42 for the reduction of chlorine (taste and odour), & NSF/ANSI 372, for lead content.

Note: As far as contained in tap water. The contaminants or other substances reduced by this water filter are not necessarily in all users' water.

- Filter Life: 90 days or approximately 200L, whichever comes first
- Applicable water source: Municipal tap water: 5~40°C
