RAHP9X

*Downdraft
Rangehood*

DOWNDRAFT SYSTEM

Combining power, performance and sleek design, the downdraft extractor is unobtrusively placed under your kitchen countertop. Conveniently raise and activate it at the touch of your fingertips when needed and slide it down once you've finished cooking.

INTUITIVE TOUCH TO SLIDE CONTROL

Intuitive electronic controls to easily access important functions.

SPACE SAVING & EASY INSTALLATION

Optimal space-saving design to fit in every kitchen. Installation requires minimal ducting, allowing you to utilise the cabinets directly underneath the cooktop, maximising the space in your kitchen.

HIGH PERFORMANCE

Powerful air extraction of up to 700m³/h and 4-speed fan modes, making it an ideal rangehood for open plan kitchens.

ECO FRIENDLY LED LIGHTS

Environmentally responsible LED lights provide ample clarity over the cooking area, which can be conveniently adjusted to your preference via the touch to slide control panel.

SAFER KITCHEN ENVIRONMENT

Packed with safe features to use, which can be directly selected at the touch of your fingertips so that you can master chef at ease.

OPTIMAL CLEAN AIR

5-layer filter equipped with activated charcoal and a stainless-steel surface for optimal removal of smoke and odors .

EASY TO CLEAN

Stain and scratch resistant, the rangehood can be cleaned simply by wiping it down.
