COMPACT LINEA BUILT-IN COFFEE MACHINE

MADE IN ITALY
Since 1948

15 BAR PRESSURE

A 15-bar pump pressure concentrates beans at an optimal level to give coffee brews a rich taste and a perfect crema.

CHOICE OF COFFEE STRENGTH

The Smeg coffee machine is extremely versatile, allowing you to prepare different strength coffees (from extra mild, to mild, medium, strong, or extra strong) and quantities (from espresso, to medium and long). Customise it completely to suit your personal tastes.

CHOICE OF COFFEE LENGTH

Enjoy the Italian café experience in the comfort of your own home: the aroma of real espresso, the taste of a creamy cappuccino, or a delicious latte, all prepared in the convenience of your own kitchen.

ADJUSTABLE TEMPERATURE

What sets the Smeg coffee machine apart is the new Thermoblock heating system, which readies the machine for use more quickly and provides precise control over the water temperature to provide coffee, steam or hot water for the perfect cup.

AUTOMATIC STEAM FUNCTION

The Smeg built-in coffee machine, completely automatic and simple to use, is perfect for preparing delicious coffee and cappuccino, just like the hot drinks that you would enjoy in a coffee shop, but from the comfort of your own home.

LINEA DESIGN

Distinctive products that incorporate modern minimalist design trends, the Linea aesthetic is characterised by symmetrical lines, balance and light. Any combination of premium Linea appliances will make a real style statement in the kitchen.

ENDLESS COFFEE EXPERIENCES

13 coffee options
