WV9-1412W
Product Sheet

A.I. Direct-Drive for Intelligent Fabric Care

A.I. technology is used to assess weight and fabric softness, automatically selecting the optimal washing pattern for intelligent fabric care.

Turbo Clean 360°

With 4 water jets operated during the wash and rinse, this machine can wash a half load in only 39 minutes[^].

[^]Lightly soiled, half load maximum.

Allergy Care and Steam+ Cycles

With a press of a button, add steam to selected cycles to open up fibres and assist in reduction of common household allergens.

Inverter Direct-Drive Motor

Less moving parts, less vibration & more durability than conventional LG belt and pulley motors.
