Dimensions

Depth	565mm
Height	598mm
Width	596mm

Features & Benefits

Multi-function flexibility
10 functions including Roast, Pizza Bake and Fan Grill mean no matter what you're cooking, you've got the right heat to match.
Generous capacity
With a generous sized internal cavity, you can create several dishes at once using multiple shelves.
Perfect results
With ActiveVent technology for optimised moisture levels and AeroTech for even heat distribution, you'll get perfect results even when using multiple shelves.
Cleaning is simple
Pyrolytic self-clean breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth.
Safe and sound
The CoolTouch door features triple glazing and a cooling system that ensures it's safe to touch from the outside – protecting both your hands and the surrounding cabinetry.
Seamless fit
Designed to fit seamlessly in your kitchen, this built-in oven fits flush with cabinetry to minimise gaps and add to a cohesive aesthetic.
