Get organised with the FlexFresh™ Crisper

Not every grocery shop is the same. Sometimes you need extra room for things like celery, while other times you need equal space for your fruit and vegetables. That's where the adjustable crisper divider comes in. Created to provide greater flexibility, it can be adjusted lengthwise to give you the space you need.

Spillsafe™ glass shelves

From time to time, accidents happen. And when they do, you want to minimise the extent of the damage. Spillsafe™ shelves can capture up to one litre of liquid, so you can contain the spillage to just one shelf instead of the whole fridge.
