### Features

### Benefits

#### Loaded Adjustable Top Basket

Adjustable top basket allows a 31cm plate in the bottom. Top and bottom baskets have adjustable tines which can offer ultimate loading flexibility.

#### Extra Hygiene

When you use this option the load is washed at a higher temperature for a longer period to ensure more hygienic washing.

#### Half Load (Upper basket)

If you don't have a full load you have the option of using Half Load. This is perfect for smaller, less soiled items. By using this function you also save on water and energy.

#### Tablet Wash

A dedicated system when using combined detergent to ensure optimum performance and results.

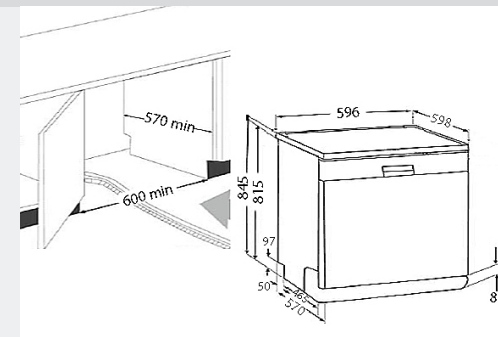

#### Aqua Stop + Aqua Safe Anti-Flood Protection

In built safety system to avoid water damage just in case of water overflow.

#### Control Panel Child Lock

An excellent feature to prevent children from tampering with the control panel. It also ensures that the selected program cannot be changed when the child lock is activated.
