- MyEssence fragrance cap

Guarantee

- 2 year worldwide guarantee

Sustainability

- Silicon steam hose

Technology

- MyEssence fragrance cap

Highlights

MyEssence

Our innovative MyEssence fragrance infuser lets you refresh clothing with your favourite scents anytime you choose.

Short heat up time

Whenever you need it, the stand steamer is ready to use in less than 60 seconds, ideal for those last minute outfit choices.

Tilting StyleBoard

The tilting StyleBoard provides reliable support during steaming. Simply press the fabric between the steam plate and board for easier steaming with crisp results from top to bottom.

Large steamer head

Perfectly precise: Our innovative metal steamer head features a large soleplate and precision tip designed to tackle hard-to-reach areas like collars and in-between buttons with ease.

3 Steam settings

Set your preferred steam setting for optimal results on different fabric. Use low steam for thinner fabrics and a more powerful setting for thicker fabrics and coats.

Kills 99.9% of bacteria*

Besides de-wrinkling, 3000 Series also refreshes clothes (and soft furnishings, curtains, toys) and removes odors by killing up to 99.9% of bacteria*.

Large water tank

Take on big loads: The 2L detachable and transparent water tank is large enough to tackle even big loads of ironing.

Safe on all ironable fabrics

Our steamer is safe to use on all ironable fabrics and garments. Our steam plate can be safely pressed against any clothing with no risk of burning; a great solution for delicate fabrics like silk.

Easy storage

Make it fit: Due to its smart design, the stand steamer doesn't take much space and can be stored easily.
