## Dimensions

|        |             |
|--------|-------------|
| Depth  | 600ms       |
| Height | 898 - 946mm |
| Width  | 897mm       |

## Features & Benefits

### Multi-shelf cooking

Our AeroTech™ system circulates air evenly throughout the entire oven so dishes on the top shelf turn out just as perfect as food cooking on the bottom shelf.

### Quality and durability

Every detail has been carefully crafted. The solid, perfectly balanced soft-close door, durable cooktop trivets and glowing halo dials all add up to an exceptional, premium range.

### Burner power & control

Instant and immediate control from the highest to the gentlest heat. The finely tuned cooktop controls let you sear, stir fry or simmer a delicate sauce to perfection.

### Large capacity oven

The generous 140L total capacity oven gives you plenty of space to cook multiple dishes at once.

### Easy to clean

Your cooktop simply needs a quick wipe to keep it looking good as new for years to come, as the gas cooktop is made from a single piece of stainless steel that contains spills. The oven door, its inner pane of glass and runners can also be removed for easy cleaning. OR90SCG4B1

### Even heat

Accurate, electronically-controlled oven heat ensures a great result every time.

## Specifications

### Accessories

|                                        |                      |
