

BR550, BR552 // SILENT Multi-Purpose Exhaust Fan

Ideal for every household, this unit can be installed and vented into two rooms - by utilising the optional DVK500 kit. With silent operation, your bathroom and laundry will stay fresh and odour-free.

The revolution starts with the silent Ecodrive motor and fan which is recognised as the quietest, most efficient and highest-powered domestic extraction unit available today. However, even the quietest motors and fans on the market still generate noise. Using Schweigen's renowned concept of placing the motors externally on your roof or eaves, you can easily achieve silent operation of all household extraction units.

PRODUCT DESCRIPTION

- Universal mounting options - Roof or Wall
- Patented anti-water intrusion, weather protection system (IPX4 rated)
- Acoustic dome with super quiet, long vane, backward curved centrifugal fan
- Motor can be mounted up to 4 metres from the vent
